

The Indian Dental Association is proud to announce our partnership with California Employers Association.

Every year, hundreds of employment laws are added or changed at both federal and state levels. As an employer, you must be 100% compliant with all of the laws 100% of the time. But if you don't keep up to date, it can spell disaster in terms of government audits, employment lawsuits and more. We can help you protect your practice from the common problems that lead to liability.

CEA will provide assistance with:

- Hiring & Firing best practices
- Paid Sick Leave Laws
- Wage and Hours Laws
- Employee Handbook Policies
- HR Compliance
- Accommodations in the workplace
- Much More!

**SIGN UP FOR 2 YEARS
